

# INVEST

## MISSIONS PARTICIPATION

*We are coming to the end of our **Missions Participation Weeks**. We are learning what we all can do to have a part in missions around the world right now!*

*This week we learned about "investing" in our missionaries and in their works. Our missionaries can use our money to help reach the people they are working with.*

*Your job for the next week is to bring any coins or dollar bills that you can give. We will compete to see which class can bring in the largest offering. All the money we collect will be given to the missionary we have written letters to and prayed for over the last couple of weeks. See if there are some extra jobs that you can do around the house to earn extra money to bring with you next week.*

*expeditions*
