

INTERCEDE

MISSIONS PARTICIPATION

*We are in the midst of our **Missions Participation Weeks**. We are learning what we all can do to have a part in missions around the world right now!*

This week we learned about "Interceding" for our missionaries. Missionaries need our prayers. They need us to pray for their people, their safety, and their needs.

Your job for this week is to pray for our missionaries three different times between now and next week. On the back of this flyer you will find a place for your parent to check-off the three times that you prayed. We will have a competition to see which class can bring the most sheets to Expeditions next week.

Take a look at the back side of this flyer for some more information about our missionary and some of their prayer requests. As you pray for them remember to pray that God will guide them, protect them, provide for them, and encourage them.
